The Educational Services Committee

The Educational Services Committee (ESC) of CSHP has been working for approximately 10 months on the content and format of PPC 2012. The committee also works on the Summer Educational Sessions, in conjunction with the local host task force and the national office. The ESC is comprised of a core committee of 15 CSHP members as well as corresponding members from the CSHP branches.

Goal and Objectives for the 2012 PPC Program

Goal:

- To provide registrants with quality educational sessions.

Objectives:

- To provide registrants with educational sessions which inform, educate and motivate clinical practitioners and managers.
- To provide leadership in hospital pharmacy practice by presenting sessions on innovative pharmacists' roles, pharmacy practice and pharmacy programs.
- To promote life-long learning skills through active participation in problem-based workshops.
- To provide registrants with networking and sharing opportunities through the exhibits program, poster sessions and interactive workshops.
- To promote excellence in pharmacy practice through oral and poster presentations of original work and award winning projects.
- To provide an opportunity for Pharmacy Specialty Networks to meet.

Le Comité des services éducatifs

Le Comité des services éducatifs travaille depuis près de 10 mois à l'élaboration du contenu et de la forme de la CPP 2012. Le Comité prépare aussi les Séances éducatives d'été de la SCPH en collaboration avec le Groupe de travail hôte local et le personnel de la SCPH. Le Comité comprend 15 membres principaux et membres correspondants des sections de la SCPH.

But et objectifs du programme de la CPP 2012

But :

- Présenter des conférences éducatives de qualité aux participants.

Objectifs :

- Présenter aux personnes inscrites des conférences éducatives susceptibles d'informer, d'instruire et de motiver les cliniciens et les gestionnaires.
- Orienter la pratique de la pharmacie hospitalière en présentant des conférences sur les nouveautés touchant le rôle du pharmacien, la pratique de la pharmacie et les programmes de pharmacie.
- Développer des habiletés pour un apprentissage continu par une participation active à des ateliers de formation axés sur la résolution de problèmes.
- Donner aux participants des occasions de réseautage et d'échanges grâce au salon des exposants, aux séances d'affichage et aux ateliers interactive.
- Promouvoir l'excellence dans la pratique de la pharmacie par des présentations orales et des séances d'affichage sur des travaux originaux et des projets primés.
- Donner l'occasion aux réseaux de spécialistes en pharmacie de se réunir.

Dr. Roberta Bondar

Canada's first female astronaut. Dr. Roberta Bondar is an advocate for our unique planet after the rare opportunity to view earth from space. As science and photography have always been linked in Dr. Bondar's life, it was natural that one of Bondar's assignments aboard the space shuttle Discovery in January 1992 was to take photographs of earth.

A Little about Toronto

Toronto is a centre of banking, publishing, commerce, and world theatre; a city, above all, of the future. The shining towers of glass and steel rise above renovated vaudeville houses, and new theatres house a feast of hit shows. There are marvelous museums, a huge atrium, underground shopping malls, lively nightlife, and 5,000 restaurants serving the cuisine of 80 different ethnic groups. It's hard to get more cosmopolitan than that!

Where to Stay for PPC 2012?

The Sheraton Centre Toronto Hotel
