Note: Workshop registration is limited to the first 25 persons.

1415-1730 Spirometry Interpretation Workshop *Mark Fenton/Brian Graham*

Workshop Objectives: At the completion of the course, attendees will

- understand the role of spirometry as an objective measurement of lung disease;
- describe spirometry testing, terms and measurements;
- describe the criteria for test acceptability and repeatability; and
- gain confidence in the interpretation of spirometry.

The Conference presentations and the spirometry interpretation workshop will be conducted by faculty members of the Division of Respiriology, Critical Care and Sleep Medicine and the Department of Pediatrics, University of Saskatchewan.
