2012 PAS ANNUAL CONFERENCE

Sheraton Cavalier, Saskatoon SK

**CATRIONA LE MAY DOAN: Two Time Olympic Gold Medalist
and Member of the Order of Canada** Sponsored by 

Keynote Speaker (Sunday)

One of Canada's most decorated athletes, Catriona Le May Doan won Olympic gold medals in the 500m event in long track speed skating at Nagano 1998 and Salt Lake City 2002. A native of Saskatoon, Catriona dominated the sport throughout her career and became known as "the fastest woman on ice." A five-time world champion, she broke 13 world records, held the World record in the 500m for 10 years and still currently holds the Olympic record in that event. Since retiring from competitive skating, Catriona has been inducted into Canada's Sports Hall of Fame and appointed an Officer of the Order of Canada. Catriona has a fulfilling speaking and broadcasting career, and was recently awarded her first Gemini Award for Best Sports Analyst at the Vancouver Olympic Games. She is an eloquent speaker and passionate motivator, always encouraging individuals to challenge themselves to reach their full potential.

At the 11th Annual Pharmacists' Association of Saskatchewan Conference, we are delighted that Catriona will be the keynote speaker on Sunday April 29th where she will speak about balance: between mind and body, in work, family and personal life. For more information on Catriona, please visit http://www.sk.bluecross.ca/about_us/spokesperson/
