

Prescription Works Pharmacy

Phone (306) 469-2137

Fax (306) 469-2138

Full Time Pharmacist Position Available

We are an independently owned pharmacy with a focus on patient care and a close relationship with our medical doctors and nurse practitioners. Our team is hardworking and committed to providing the best service possible to our clients. In order to increase the amount of time available for patient care we use technology to streamline many steps in the dispensing process (through utilization of our RxSafe, Parata, Pacmed, and BlistAssist). We use KROLL as our software system. Our hours of operation are Monday through Friday from 9:30 to 5:30. (the dispensary is closed Saturdays, Sundays, and stat holidays)

Our community is one of the only communities in Saskatchewan that main street ends in a boat launch. During the summer swimming, fishing, and boating are common pastimes. There are 5 large music festivals, music instruction and several art retreats yearly at the Ness Creek Site. Also camping all within minutes of town. During the winter we have a locally run ski/snowboard hill and cross-country ski trails. As well there are active quad and snowmobile clubs.

We offer a very competitive salary, subsidized housing, and a bonus with the completion of a 2-year term of employment.

To be eligible for this position you must have:

1. Current license to practice pharmacy in Saskatchewan & be in good standing
2. Injection Certification
3. Minor Ailment Prescribing Authority
4. PACT training

Please email rxworks@live.com or call Michelle at 306-469-0232 for more information
